ULV-VFQ 23

Respondent ID:

Instructions

This questionnaire consists of 23 items, each of which asks you to judge the difficulty of performing a visual activity, with your current vision. Please answer all questions to the best of your ability. The items deal with activities you may do on a day-to-day basis or have done in the past. Although you may complete many of these activities using auditory, tactile or a combination of sensory information including the use of a cane, a guide dog or help from another person, we would like you to focus on how difficult it is for you to complete the activities on your own using only your remaining vision. It is OK if the task is achieved using visual assistive devices, such as a magnifier or CCTV. Not every question may be applicable to your experience. Please answer as many questions as possible to the best of your ability.

Your answer choices are: “not applicable”, “not difficult”, “somewhat difficult”, “very difficult”, and “Impossible to see or do visually”.

Every question requires exactly one response.

If you are completing this questionnaire on-line and miss a question or have accidentally clicked on multiple responses, you will not be able to proceed to the next page of questions until the item is resolved. An error message will appear at the top of the question at issue. There are 5 questions per page for a total of 5 pages. You may not skip a question; however, you can take a break and come back to the questionnaire at any time. In order to save your responses and exit the survey, you must press "Next" or "Done" first (located at the bottom of each page), then "Exit Survey" (located in the upper right corner).

On the next page we will ask a few questions about your current vision that may help us understand your answers to the questionnaire items.
Please answer the following 3 introductory questions about the history of your vision:

Was there ever a time when you were legally allowed to drive?

☐ » Yes
☐ » No
☐ » If yes, how long ago did you lose the ability to do so (in years):

Was there ever a time when you could recognize a face from 6 ft away?

☐ » Yes
☐ » No
☐ » If yes, how long ago did you lose the ability to do so (in years):

Do you still have any useable vision?

☐ » Yes
☐ » No
☐ » If no, how long ago did you lose the ability to do so (in years):

Please go to the next page to start answering the 23 questionnaire items.
1. When watching an ice hockey game on a large TV, how difficult is it to see in which direction the players wearing dark uniforms are moving?
   - a not applicable
   - b not difficult
   - c somewhat difficult
   - d very difficult
   - e impossible to see or do visually

2. How difficult is it to see a white tube of cream or lotion on a white bathroom counter?
   - a not applicable
   - b not difficult
   - c somewhat difficult
   - d very difficult
   - e impossible to see or do visually

3. How difficult is it to see if the dark red curtain is drawn in a brightly lit theater?
   - a not applicable
   - b not difficult
   - c somewhat difficult
   - d very difficult
   - e impossible to see or do visually

4. How difficult is it to see if a mirror is clean in optimal lighting conditions?
   - a not applicable
   - b not difficult
   - c somewhat difficult
   - d very difficult
   - e impossible to see or do visually

5. How difficult is it to see a dark towel or washcloth hanging in the well-lit bathroom against a white wall?
   - a not applicable
   - b not difficult
   - c somewhat difficult
   - d very difficult
   - e impossible to see or do visually
6. When attending a meeting, how difficult is it to locate the illuminated, white projection screen in a dark room?

- a not applicable
- b not difficult
- c somewhat difficult
- d very difficult
- e impossible to see or do visually
